Thinking outside the box

vs.

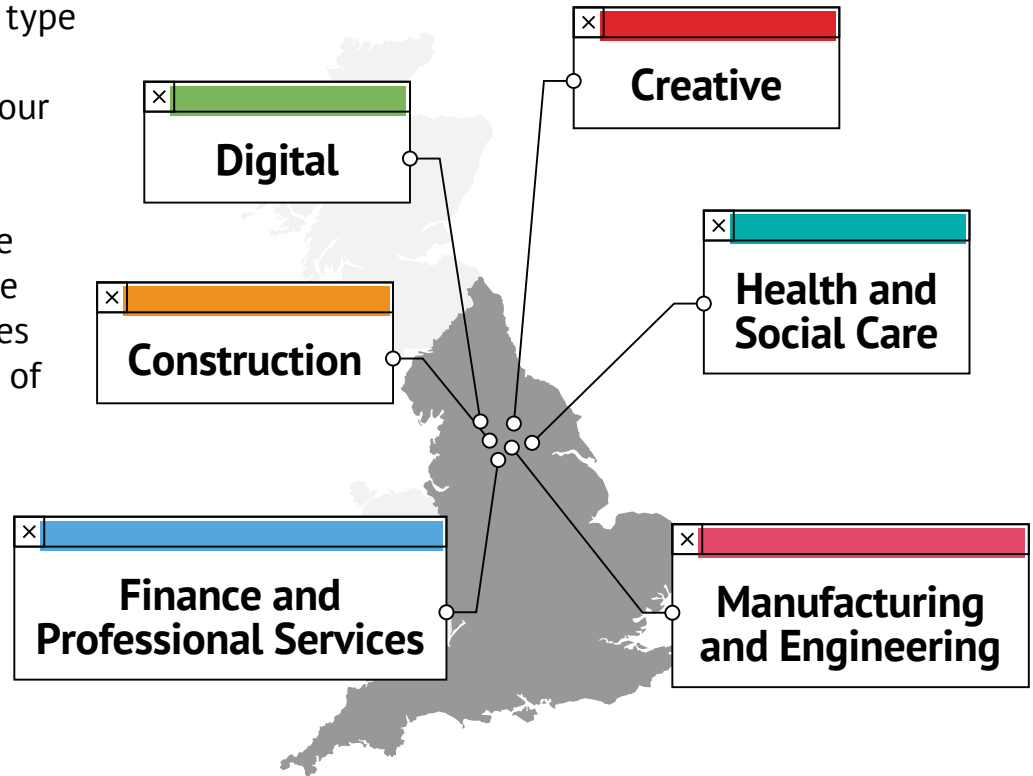

What's the difference?

They may seem similar, but actually, **industry** refers to specific companies that are based around the same type of business and **sectors** describes large sections of our economy.

In our region, we have some key sectors that offer a wide range of career opportunities and require a diverse range of skills.

Let's have a look at these key sectors!

Creative

The creative sector plays host to careers such as social media managers and graphic designers. Did you know that Sky, Channel 4 and Burberry all have offices or headquarters in our region?

Roles within this sector include:

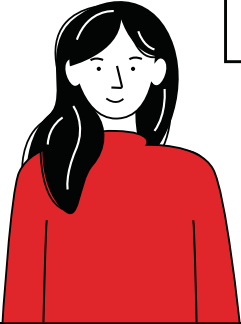

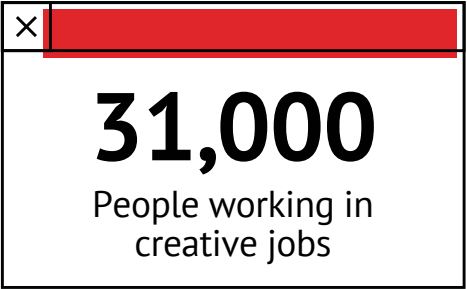

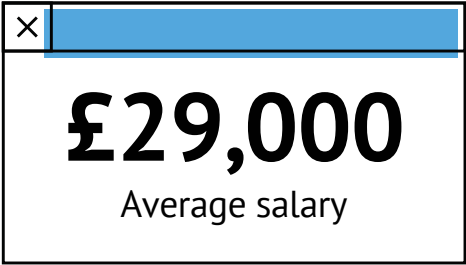

Graphic Designer

Social Media Manager

Account Director

Actor

Finance Officer

Digital

Some of the most in-demand jobs in the digital sector are games designers and solutions architects. Programmers and software developers make up the largest part of the digital sector in our region.

Roles within this sector include:

**Marketing
Coordinator**

**IT Sales
Executive**

APP Developer

**Solutions
Architect**

Games Designer
