# ENGLISH

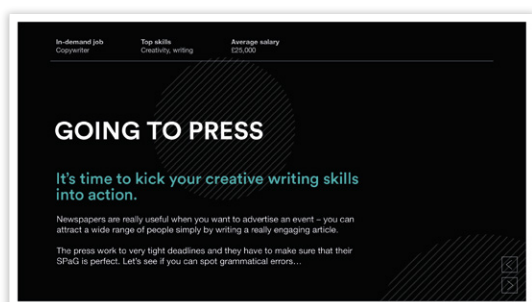

The English presentation includes the following activity:

- Going to Press

The following printable resource is needed:

- Press Release (A4)

Each activity begins with a PowerPoint presentation that includes a group task and a follow-on resource to be carried out by students.

## Going to Press

Slides 5–8

The purpose of this activity is to make students aware of the importance of accurate grammar and persuasive writing when promoting an event. After the initial explanation, a proofreading task will appear. There are multiple errors within the on-screen press release. **To identify each error, simple click on the word or phrase that students believe to be incorrect – if they are right, the word will disappear and the correct answer will appear in a different colour.**
